Mouth and nose mask

Art. No. Variant	Versions
LA0010 white	1 Piece
LA0011 white	2 Pieces
LA0012 grey	1 Piece
LA0013 grey	2 Pieces

Mouth and nose mask - 4 layers and reusable

Mouth and nose mask made in Germany - optionally in gray or white.

4-layer double hose knitted fabric made of cotton-polyamide for a perfect fit. The closed nose-cheek area with sewn-in nose pads ensures that all air flows are completely filtered through the mask. This almost avoids the tarnishing of glasses that is typical of other masks. Skin-friendly for ideal wearing comfort even when worn for a long time. 4-fold air resistance surfaces prevent large particles and droplets from being thrown without significantly restricting breathing.

The mouth and nose mask offers an optimal fit. The elasticity of the knitwear clings to the face contour. 2 all-round elastic bands, darts and integrated nose pads offer an optimal finish above the nose and all around the cheek and chin area.

When sneezing or coughing, air speeds of up to 120 km / h occur. The 4-layer knitted fabric significantly reduces the emerging speed. The yarn labyrinth with its three-dimensional structure in 4 layers one behind the other represents the greatest possible obstacle for the particles and droplets that are transported in the air. This distinguishes this mask from conventional masks made of two-dimensional woven goods.

The materials used support these functions:

Cotton and polyamide have a positive charge of their own. Many interfering, also positively charged particles can only pass this barrier with difficulty and are less likely to nest. It is important for everyone personally to avoid touching the mucous membranes, nose and mouth. This is supported by a mouth and nose mask. This product already conserves resources and the environment due to its reusability.

Hinweise:

- No medical device and no personal protective equipment..
- No certification - not medically or otherwise checked..
- For third parties, the mask offers a certain protective function against larger droplets and particles..
- Material composition: 82% cotton, 11% polyamide, 7% polyester, 2% elastane
- 100% Made in Germany from the inventor's workshop Udo Röck in 88348 Bad Saulgau
- Excluded from exchange / return.

Washing instructions:

- Wash at 60 degrees (attention, many washing programs in the eco program do not reach 60 ° C)
- Wash before wearing for the first time
- It is best to wash it every day
- Pull into shape after washing
- When dry, stretch the mask in both directions and then pull it on
- Do not put in the dryer
